

Penny Drive

Support Third Grade by bringing in change!

November 1st – 10th , 7:45AM-8:00AM
At lunch tables

Each class will have a jar to collect coins. Jars will be placed out at the lunch tables before school starts.

Classes receive 1 point for every penny placed in their jars. Points will be taken away for other coins. You may place coins in any jar you choose in order to give, or take points away. Work with your classes to strategize when and what coins to use.

Points for each type of coin are:

Penny = +1

Nickle = -5

Dime = -10

Quarter = - 25

Half Dollar = -50

Dollar = -100

Winning class will receive a movie and popcorn party.

All money fundraised will be used to support the third grade field trip in December.
